Invoice Date	Due Date (Advance)	Project Start	Final Delivery
April 28, 2026	April 29, 2026	April 17, 2026	July 20, 2026

PROJECT SCOPE & DELIVERABLES

#	Deliverable / Description	Phase	Timeline
1	Backend Foundation Node.js + Express API, 22 MongoDB schemas (Product, Order, User, Supplier, Customer, Salesman, Purchase, PurchaseReturn, SalesReturn, Quotation, Shift, Expense, Voucher, Payroll, BankAccount, StockTransfer, Loyalty, Store + more), JWT auth, RBAC, Joi validation, rate limiting, 24 route groups, seed script	Phase 1	Apr 17–30, 2026
2	POS Engine — Electron + React Desktop Always-focused barcode scan, cart management, live billing, split payment modal (cash + credit + wallet + mobile banking), hold order, quotation create + convert to order, unknown barcode popup	Phase 2	May 1–14, 2026
3	Billing Engine Subtotal, flat/percentage discount, configurable VAT/GST, split payment reconciliation, voucher code application, loyalty points redemption at checkout, rounding system	Phase 2	May 1–14, 2026
4	QR Receipt System HMAC-SHA256 signed tokens, 30-day TTL, tamper detection (timing-safe), web receipt viewer page, costPrice stripped from public response, anti-fraud status badge	Phase 3	May 15–28, 2026
5	Arabic Language System (العربية) RTL layout via CSS + dir="rtl", i18next / react-i18next translations, Eastern Arabic numerals (٠١٢٣٤٥٦٧٨٩), Arabic date formatting, Arabic thermal receipt template, language toggle in Settings (Arabic ↔ English), all forms support Arabic input	Phase 3	May 15–28, 2026
6	Multi-Currency Support — 170+ Currencies ISO 4217 currency stored per store, 170+ currencies with symbols (SAR, BDT, USD \$, EUR €, GBP £, AED, EGP, INR ₹, JPY ¥, KWD, etc.)	Phase 3	May 15–28, 2026

	QAR ﷵ and all others), locale number formatting, symbol position (before/after), decimal places per currency, receipt and reports always show correct symbol		
7	Inventory Suite Supplier CRUD with payable balance tracking, Purchase with atomic stock increment, Purchase Return, Sales Return (cash/wallet/loyalty refund), two-phase Stock Transfer between branches, barcode label printing, stock audit log	Phase 4	May 29–Jun 11, 2026
8	Thermal Print Engine (Electron IPC) Silent printing, custom store branding, QR code on receipt, Arabic receipt template (RTL), 58mm / 80mm width config, auto-print after checkout	Phase 3–4	May 15–Jun 11, 2026
9	HR & Customer Modules Credit customer system (limit + balance), wallet top-up + deduction, loyalty points earn/redeem/adjust, salesman commission tracking, monthly payroll, expense management with types, voucher creation and validation	Phase 5	Jun 12–25, 2026
10	Reports & Accounting Dashboard Daily/range/top-products/hourly/cashier reports, shift close with cash reconciliation, P&L statement, balance sheet, cash flow, payables ledger, receivables ledger, banking account management	Phase 6	Jun 26–Jul 9, 2026
11	Real-Time Sync (Socket.io) Store-scoped rooms, live order events → admin dashboard, multi-device stock broadcasting, Electron offline SQLite with auto-sync on reconnect	Phase 6	Jun 26–Jul 9, 2026
12	QA, Deployment & Handover End-to-end QA in Arabic and English, RTL layout validation, currency symbol QA, API testing, Electron .exe build + code signing, VPS deployment (Nginx + PM2), MongoDB Atlas config, full handover: source code + .env template + Arabic/English setup guide	Phase 7	Jul 10–20, 2026

PAYMENT SCHEDULE

Milestone / Description	Amount (USD)	% of Total	Due Date
Advance Payment (25%) — To Start Project Required before any development work begins. Confirms engagement.	\$375.00	25%	April 29, 2026
Milestone 1 (25%) — POS Engine + Backend + Arabic + Currency Phases 1, 2 & 3 delivered: backend, POS screen, billing, QR receipts, Arabic language, multi-currency, print engine. Demo approved by client.	\$375.00	25%	May 31, 2026
Milestone 2 (25%) — Inventory + HR + Customer Modules Phases 4 & 5 delivered: supplier, purchase, returns, stock transfer, credit, wallet, loyalty, payroll, expenses, vouchers. Demo approved.	\$375.00	25%	June 30, 2026

Final Payment (25%) — Full Delivery + Deployment Phase 6 & 7: reports, accounting, Socket.io, QA, Electron .exe build, VPS deployment, source code + documentation handover.	\$375.00	25%	July 20, 2026
TOTAL PROJECT VALUE	\$1,500.00	100%	4 installments · USD

PROJECT DELIVERY TIMELINE — 13 WEEKS

Week	Dates	Deliverable	Phase
Week 1–2	Apr 17–30, 2026	Backend: 22 schemas, JWT auth, RBAC, 24 routes, multi-currency + Arabic locale config, seed script	Phase 1
Week 3–4	May 1–14, 2026	POS Engine (Electron + React): scan, cart, billing, quotations, split payment, hold order	Phase 2
Week 5–6	May 15–28, 2026	QR Receipt + Thermal Print + Arabic Language (RTL/i18n) + Multi-Currency Engine (170+ currencies)	Phase 3
Week 7–8	May 29–Jun 11	Inventory Suite: supplier, purchase, purchase return, sales return, stock transfer, barcode printing	Phase 4
Week 9–10	Jun 12–25, 2026	HR + Customer: credit, wallet, loyalty, salesman, payroll, expenses, vouchers — all with Arabic UI	Phase 5
Week 11–12	Jun 26–Jul 9	Reports + Accounting + Arabic UI polish + currency frontend: P&L, shift close, banking, Symbol display	Phase 6
Week 13	Jul 10–20, 2026	QA (Arabic + English), .exe Electron build, VPS deploy, MongoDB Atlas, handover docs + source code	Phase 7

TERMS & CONDITIONS

Payment Terms

- Advance of 25% (\$375) must be received by April 29, 2026 before any development work commences.
- Each milestone payment is due within 5 business days of delivery and demo approval.
- Accepted via: PayPal, Wise, Payoneer, or Bank Transfer (SAR/USD).
- Late payment beyond 7 days may pause project work until payment is received.
- All prices are in USD. Advance is non-refundable once work has commenced.
- Payments may be made in Saudi Riyals (ﷲ SAR) at the exchange rate on payment date.

What Client Must Provide

- MongoDB Atlas connection string (or access to create cluster)
- VPS / hosting server credentials (Render, Railway, or VPS)
- Store name, address, phone, logo URL
- Preferred currency: ISO code (e.g. SAR) + display symbol (e.g. ﷲ)
- Language preference: Arabic, English, or both on receipts
- Thermal printer model (58mm or 80mm) and IP address
- Feedback on each milestone within 5 business days

NOT Included in This Project

- Mobile application (Android / iOS) — desktop only

Revision Policy

- Each phase includes up to 2 rounds of revisions at no extra cost.
- Revision requests must be submitted within 5 days of phase delivery.
- Scope changes after milestone approval are treated as new requests.

Confidentiality

- All project details and source code remain strictly confidential.
- Full source code and assets delivered upon receipt of final payment.
- Developer may showcase project in portfolio (no sensitive data shown).

- Domain name or web hosting fees
- WhatsApp Business API or SMS API costs
- Hardware: barcode scanners, thermal printers, POS terminals
- Ongoing maintenance after delivery (quotable separately)
- AI demand prediction / auto-restock module (add-on)
- Live exchange rate API integration (manual entry included)

Termination Clause

- Either party may terminate with 7 days written notice.
- Work completed to date is billable on a pro-rata basis.
- Advance payment is non-refundable once development starts.
